

Portfolio Lab. Ofichem BV

BIPHOSPHONATES

- Disodium Alendronate 
- Disodium Etidronate
- Disodium Pamidronate 
- Disodium Pamidronate pentahydrate 
- Disodium Zoledronate 
- Disodium Olpadronate
- Etidronic Acid
- Olpadronic Acid
- Pamidronic Acid 
- Sodium Alendronate
- Zoledronic Acid 

CYTOSTATICS

- Carboplatin 
- Cisplatin 
- Oxaliplatin 

FUMARIC ACID DERIVATIVES

- Dimethylfumarate 
- Monoethyl fumaric acid
- Calcium Monoethyl fumarate 
- Magnesium Monoethyl fumarate 
- Zinc Monoethyl fumarate 

SULFANOMIDES SODIUM SALTS

- Phthalylsulfathiazole 
- Sulfachloropyridazine Sodium 
- Sulfadiazine Sodium 
- Sulfadimethoxine Sodium 
- Sulfadimidine Sodium 
- Sulfamerazine Sodium 
- Sulfamethoxypyridazine Sodium 
- Sulfathiazole Sodium sesquihydrate 
- Sulfathiazole Sodium pentahydrate 
- Sulfathiazole Sodium hexahydrate 

VARIOUS OTHER PRODUCTS

- Hexamethylenetetramine Rhodanidine
- Histamine Dihydrochloride 
- Histamine Phosphate 
- Levamisole Base 
- Levamisole Phosphate 
- Piperazine Citrate 
- Piperazine Dihydrochloride 
- Potassium Hexachloroplatinate
- Potassium Tetrachloroplatinate
- Thiazinamium Methyl Sulfate 
- Sodium Salicylate 

COMMERCIAL ANALYSIS OF APIs

- Residual solvents according EP method
- Benzene content with headspace
- Chromatographic analysis
 - HPLC: assay, related substances
 - GC
- Particle size
- Various titration methods
- Confirmation of Identity with FTIR

In addition, Ofichem performs the following activities:

- Logistic handling of APIs
- Custom chemical synthesis
- Development of synthesis for APIs
- Development of Drug Master Files

 = DMF on CTD format  = DMF on CTD format under development  = Certificate of Suitability

Ofichem operates according the following standards: GMP, ISO9001-2008 and FAMI-QS
All products are manufactured by: OFICHEM
